

## **COUNTRY-SPECIFIC SEED EXPORT GUIDELINES (as of 2/15/2023):**

### **Countries that need an Import Permit:**

- India
- Nigeria
- Japan
- Brazil
- Egypt
- Turkey (very problematic, we haven't been able to get seeds into the country for a long time)
- Philippines
- Ghana
- Chile
- Australia (*S. lycopersicum* only)
- Israel (*Solanum* spp. only)
- Kazakhstan

### **Requires acid treatment of seed and Letter of Authority for *S. lycopersicum* only:**

- Austria
- Belgium
- Bulgaria
- Croatia
- Cyprus
- Czech Republic
- Denmark
- Estonia
- Finland
- France
- Germany
- Greece
- Hungary
- Ireland
- Italy
- Latvia
- Lithuania
- Luxembourg
- Malta
- Netherlands
- Poland
- Portugal
- Romania
- Slovakia
- Slovenia
- Spain
- Sweden
- Note: The UK Does not require a Letter of Authority

**CANNOT SEND SEEDS TO:**

- Cuba
- Iran
- North Korea
- Syria
- Sudan
- Jordan

**Phyto certificate is not needed for:**

- Namibia
- Canada

**Request Approval to Send Seeds to:**

- Russia (It has been recently impossible to send seeds here because couriers will not go there)
- Sudan
- Burma (Myanmar)
- Ukraine
- Iraq (Iraq requires an OFAC license from the U.S. Treasury Department. Contact [or\\_export@ou.ad3.ucdavis.edu](mailto:or_export@ou.ad3.ucdavis.edu) to begin the process. We are currently still waiting for this license to be granted and it has been over 6 months)
